

## Technical Details:

Format range bound side:	max. 360 mm min. 125 mm (85 mm with optional adjustment for small formats)
Format range unbound side:	max. 360 mm min. 115 mm
Book thickness:	max. 20 mm
Punch and binding capacity:	40/min respectively 2.400/h(logistics and operator)
Possible wire diameters:	3/16" (5,5 mm) – 1" (25,4 mm) On set of closing bars is required for each $\varnothing$
Pitch:	3:1, 2:1
Punching:	cycles: 120/min respectively 7.200/h (one idle cycle in between the products)
Machine: Lenght x Width x Height:	4150 x 4380 mm
Required space:	approx. 15 m <sup>2</sup>
Compressed air:	7,5 bar 450 – 500 l/min.
Power supply:	3 x 230/400V / 50Hz / 3ph
